2015

Nanotechnology and Microsystem Engineering,
Nanotechnology

About me

Front-end engineer with a proven experience responsible for creating SPA using React, Redux, TypeScript. Eager to improve my skills in this area and expand them. Background includes solving tasks on [codesignal.com](#). I spend my free time reading IT-literature. My favorite books are "You Don't Know JS" and "Grokking Algorithms".

Hobbies

Big Tennis, Sony playstation, board games
